## AGILE SOFTWARE DEVELOPER

I am an enthusiastic IT Professional with three years of experience using .Net C# programming language. I have a Strong understanding of aesthetic and design principles. Working on numerous projects has helped me understand a project's various stages and enhanced my technical skills. I am looking for my next opportunity in Web/Software Development within .Net technologies. Due to my interest in tech events, I have won two hackathons which signifies my passion for technology.

## SKILLS

- Web Development.
- Troubleshooting.
- Problem Solving.
- UI/UX.
- Testing and Documentation.
- Agile.
- C#, Asp.Net core MVC.
- HTML, CSS, JavaScript, Bootstrap.
- MySQL, SQL Server, Azure.
- Figma.
- GitHub.
- Unit Testing.

## IT EXPERIENCE

### Web Developer | Ultimate Web Designs (New Zealand) 2019-2021

**Description:** I was involved in building an app that will perform essential registration and Login for contractors. The app's main feature was to click the pictures of the place where contractors were working, showing the work location using google maps API.

**Role:** Developer

#### Key Activities:

- Built a C# and Asp. Net-based Daily Reporting App.
- Used SQL Database in the Backend.
- Search and display the place of reporting using google maps API.
- Converting the data into pdf downloadable reports using SAP crystal reports.

## Web Developer (Intern) | Crunch & Flourish (New Zealand)

2018 – 2019

Role: Developer and Designer

### Key Activities:

- Responsible for the design principles of the company website.
- Developed UX and wireframes using Figma.
- I created the front end of the website.
- The technology used HTML, CSS and JAVASCRIPT.

## OTHER EXPERIENCE (NON-IT)

### Control room Operator | Manukau Institute of Technology

2018-2022

- First point of contact for any escalations around technical issues.
- Troubleshoot computers and CCTV cameras.
- Handling Emails and Calls Queries.

## EDUCATION

Bachelor's In Information Technology | Auckland Institute of studies.

2021 – CURRENT

Level 6 Software Engineering | ATC Vision College, East Tamaki, Manukau.

2017 – 2018
